

EMBRACE™ BACK CUSHION

HCPCS CODING: E2613/E2614 OR E2617
POSTIONING BACK OR CUSTOM BACK

PRODUCT FEATURES

- + Integrated trunk supports are attached to a planar aluminum backrest shell and may be adjusted for angle, height, and up to a total of 3" of width to create a custom supportive shape.
- + Aluminum stays on the backside of the two layer foam pad can be molded to support lumbar, scoliosis and kyphosis needs.
- + Aluminum stays are offset from center of the cushion, removing pressure points from the spine.
- + 9" of total depth adjustment: 5" in front of canes and 4" behind the canes.
- + Lightweight durable aluminum shell comes with headrest holes.
- + Provides pelvic and scapular relief.
- + Compatible with lateral hardware. A total of 11" of pad width adjustment (5.5" per side) and over 5" of height adjustment.
- + Compatible with headrest: 2" wide x 1" tall hole pattern
- + Integrated chest harness strap guides or pre-drilled holes for optional extension strap guides.

COVER OPTIONS

STRETCH-AIR FABRIC: designed for air transmission and heat dissipation. This breathable laminate combines a high-stretch polyester top layer with a waterproof, breathable vapor barrier.

COMFORT-TEK FABRIC: the fluid proof exterior has supple leathery properties that provide an easily cleaned surface and protection for the inner cushion. Comfort-Tek has multi-dimensional stretch and helps alleviate pressure on bony prominences.

CUSTOM FABRIC OPTIONS: The Comfort-Tek and Stretch-Air covers are available with one of six accent colors: Blue, Green, Silver, Red, Purple, or Pink. *Note:* Back will come standard with black unless custom color is ordered.

Additional fees apply, contact a Customer Service representative or order online at www.ComfortCompany.com

CUSTOM DESIGNS

CUSTOM EMBRACE BACK: HCPCS CODING: E2609

- Please contact Customer Service for ordering or additional information. 1-800-564-9248 or order online *prior setup required.*

EMBRACE: CUSTOM DESIGNS
